### **FOR IMMEDIATE RELEASE**

#### **Virgin Islands Food Tours Launches the Ultimate Crucian Foodie Experience** *Guided Food Tasting and Cultural Walking Tour Highlights Twin City's Eclectic Cuisine*

**October 31, 2016, St. Croix, VI** - Virgin Islands Food Tours, a guided food tasting and cultural walking tour, has launched on St. Croix with the clear goal of transforming visitors to St. Croix into locals of St. Croix. From the island's distinctive foods to its extraordinary history and eclectic culture, tour attendees will embark on a foodie excursion through historic Downtown Christiansted for six exclusive food tastings of authentic Crucian cuisine.

"I want visitors of St. Croix to experience the heart and soul of our island – the food – and fall in love with this slice of paradise I've been blessed to call home," says Anquanette Gaspard, Founder and Owner of Virgin Islands Food Tours. "St. Croix is becoming the culinary capital of the Caribbean and too often visitors come here without tasting the foods and drinks that are the backbone of our island."

At each tasting location on the tour, attendees are guaranteed to experience authentic Crucian cuisine prepared by those who do it best as each stop is locally owned and operated. While indulging, guests will learn about the origins of the local foods and see firsthand why St. Croix is known as the culinary gateway to the Caribbean.

"Each tasting location was carefully chosen when crafting the Taste of Twin City Food Tour," explains Anquanette. "I wanted to make sure that each stop reflected some aspect of our culture and told a story about who we are as a people. Visitors that take this tour will walk away learning about a new place and experiencing new foods. Locals will walk away learning new facts about St. Croix that they may have forgotten about or probably never knew. There's something for everyone on this tour."

Each tour group accommodates no more than 12 people to ensure a personalized, intimate experience for each guest and led through historic Downtown Christiansted by our

passionate and knowledgeable local guides. For more information, please visit <http://vifoodtours.com> and visit Virgin Island Food Tours on [Facebook](#), [Twitter](#) and [Instagram](#).  
**About Virgin Islands Food Tours:** [Virgin Islands Food Tours](#) is a food tour company based in St. Croix, U.S. Virgin Islands. Founded in 2016, Virgin Islands Food Tours has a clear goal to transform visitors to St. Croix into locals of St. Croix by way of the island's distinctive foods, extraordinary history and eclectic culture.
